The New Thought movement originated in the early 19th century, and survives to the current day in the form of a loosely allied group of religious denominations, authors, philosophers, and individuals who share a set of beliefs concerning metaphysics, positive thinking, the law of attraction, healing, life force, creative visualization, and personal power.

Unity began in 1889, and was part of the wave that gave birth to “New Thought” in this country. Charles and Myrtle Fillmore, Unity Co-Founders, participated in the INTA (International New Thought Alliance) at various times through the years of Unity’s development. They also took a stand regarding Unity’s place in the greater world.

This Sunday Service and Class completes our World Religion Series. We will:

- **Gain insight into how Unity and each of us fits into a larger world of religious and spiritual beliefs.**
- **Summarize the similar beliefs in the 5 religions we have explored.**
- **Discover Unity’s uniqueness**
- **Find new appreciation for our oneness.**
